

CALCULUS THANK YOU PROJECT

The purpose of this project is to reflect on your 4-year experience at MMSTC and properly thank some of the people in your life who have made a difference to you.

You will

- Write 2 letters to adults who have positively influenced you. At least 1 person must be connected with your home school system (principal, teacher, coach, counselor, district administrator, kindergarten teacher, etc...)
- Construct 2 origami envelopes in which to put your letter. See examples of envelopes on my website.
- Deliver the letters in person.
- Take a picture of the happy recipients with the letter! You may also take a picture with a secretary if the recipient is unavailable at the time of delivery.

Delivery due no later than Wednesday, May 27th so that you can email/show a picture no later than 6:41 a.m. on Thursday May 28th. You must also turn in a copy of the letters by 6:41 a.m. on May 28th.

***You must be sincere in your thanks.
The recipient should NOT know that this is an assignment.***

Recall some of the things mentioned at the Senior Dinner: You have been given wonderful opportunities. You have been stretched and challenged. Many adults have invested in your life and have nurtured you throughout your school years. As you end this chapter of your life and begin a new one, take some time to reflect upon the positive impact that others have had on you, and to recognize them in this small way.

You may also consider thanking some of the administrators of your home schools and home school districts that make it possible for you to attend MMSTC. Such a letter might follow these guidelines. Remember to be positive about your home school. I want to see a rough draft of any letter of this type.

On behalf of the MMSTC Class of 2015, I would like to thank you for the opportunity to attend the Macomb Mathematics Science Technology Center.

MMSTC has allowed me to.....

I have grown in the following ways over the last 4 years.....

I have had many educational opportunities presented to me because of coming to MMSTC.....

Thank you for your support of this program.

Sincerely,
Your Name

You will be amazed at how appreciative some of these people will be, because they will be touched that you took the time to say "Thank You."

If you choose to do this project, it will count as 25% of your Final Exam grade and a turned-in, completed Final Exam Review will be optional. (Remember that your 2nd Semester Book project counts as 25% of your Final Exam grade.) The written exam will be shortened and count as 50% of your Final Exam grade.

If you choose to not do this project, your Final Exam Review will count as 5 homework grades and the longer written exam will count as 75% of your Final Exam grade.
